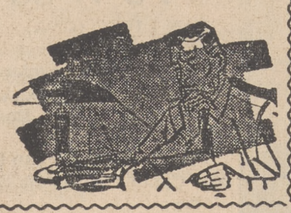
The DIMMER VIEW

by Max Goodwin



Li'l Abner Stops In

Cartoonist Al Capp was in San Diego last week for a couple of talks. One of these was made to the San Diego chapter of Sigma Delta Chi, the national professional journalistic society.

Capp has created wide attention with his satiric humor and his acerbic pronouncements. Some of these were uncorked at the SDX meeting.

Several that are reported here are but a dribble of the total outpouring but these are enough to give the flavor of the man.

He opened his talk by ascribing to newspaper people the "intellectual level of a junior college." That got their attention. He then apologized to the young people in the audience because "I am not young enough to know anything."

He replied to a question about his affair with singer-protester Joan Baez. Capp said he had created a protest character in his strip who had blond hair and rippling muscles. "She looked more like Vaughn Monroe than Baez. I got a savage telegram from Joan Baez's lawyer Leon Trotsky. Of course that wasn't the name he signed but I recognized the literary style. He said he detected a similarity between my character and his client. That was a hell of a thing to say about his client," Capp chuckled.

"The lawyer demanded that I instantly stop protesting against Miss Baez's type of protest," Capp continued. "We corresponded through the columns of TIME, LIFE, NEWSWEEK and PRAVDA. I offered to send flowers that night if I knew which jail she was in. I also said that I admired Miss Baez — that she was the greatest war-time singer since Tokyo Rose.

"This failed to soothe her. Her lawyer demanded that I cease my cartoon character forthwith. So I extended the character an additional three weeks!

"I did it to teach Miss Baez and others new in the protesting business that you don't have to own a guitar to protest. You can do it with pen and ink. It also taught her that any protester who protests the right of any other protesters to protest about anything, even themselves, is fouling up her own nest."

About the voting rights for 18-year oldsters.

"It won't solve anything. Now the 15-year olds will want to vote — then the 12-year olds with equal logic will demand the right to vote. Then the most numerous class of them all— the three-year olds will make demands and Dr. Spock will be president at last."

On student unrest.

"Stop calling it student unrest. Call it by its proper name. About a year ago a gang of punks invaded faculty hall at Harvard, beat up a dean and rifled his safe. It was called student unrest and they were given a year at graduate school.

"If a bunch of kids of the same age in Boston's ghetto in Roxbury had stormed into a man's office, had beaten him up and rifled his safe, it would have been called mugging, arson and thievery and they would have been given a year in the clink.

"I say call it by its proper name — crime. We've got plenty of old solutions for that if we had the guts to use them."

Capp had equally cogent opinions on other matters and he answered questions for nearly an hour.

One question he didn't answer directly. Would he run against Senator Ted Kennedy?

"I'm agonizing," he said. "But I'm going to make up my mind next week."

If he runs and wins, the U.S. Senate will get a new dimension.

Hospital Boosts Use Rate; 300% Tax Hike Probable

Grossmont Hospital will keep a balanced budget for the facilities operation but prices were hiked to do it.

Room rates were raised $2 a day and the operating room charge was increased $5 a day. These, and other hikes, will overcome a $123,878 deficit. The increases Hospital Administrator Leverett Bristol said would "just about bring it (the budget) into balance."

The new budget for salaries, supplies, services and overhead tops out at over $7 million dollars.

Some of the rates patients will start paying now are: room, $53 up $2; room for outside district patients ,$61, up $2; Operating room, $80, up $5, plus $5 an hour after the first hour; delivery room, $80, up $10; nursery, $25, up $6, and emergency room, $8, up $2.

Bristol said that hospital employees were given an across-the-board 7.2 per cent increase. 60 per cent of the budget is for salaries, he said. Bristol was given a 10 per cent raise to $22,000 annually.

In a study to support the rate increases, Bristol said the overall total for patient care was 4.6 days.

In July, directors of the hospital board will commence discussions on the hospital tax rate. The rate, now 6 cents for each $100 of assessed valuation, could be increaed to as much as 20c. The increase, whatever the size, results from an expansion program approved by voters last March.

Cable Teevee Step Nearer Says Van

WASHINGTON — Rep. Lionel Van Deerlin, D-San Diego, says the package of cable television proposals issued last week by the Federal Communications Commission are "the important first step" toward ending the impasse that for the past four years has blocked CATV expansion in the San Diego area.

He said, however, that some of the proposals may have to be implemented by legislation. Van Deerlin is a member of the Communications Subcommittee, which has jurisdiction over all FCC activities and would be charged with considering such bills.

The FCC master plan for regulating the cable TV industry in effect gives the CATV operators a green light to bring in signals originating outside the market area which their systems are serving.

For television homes in the San Diego area, this would mean the importation of signals from Los Angeles — a right county cable operators have not enjoyed since 1966. Faced with only a limited demand for cable that carries just San Diego stations, CATV in the area has been unable to expand beyond its 1966 boundaries.

Main Street Angle Parking OKd by Sups

SAN DIEGO (CNA) — Illegal angle parking on the west side of Main Street in Lemon Grove was brought to the attention of the Board of Supervisors this week after existing for no-one-knows how many years.

Since everyone's doing it anyway, the supervisors decided to make it legal.

The county engineering department was instructed to strip 30-degree parking stalls btween Pacific and North aves. as soon as the angle parking measure becomes effective.

The traffic advisory committee reported that no undue hazard is created by the angle parking. The report to the board said there have been only two unparking accidents in the past three years.

The committee recommended the legalization by the board.

Cabbie Found Shot In Valley

A driver of a San Diego cab was found shot to death in a field in the La Presa area early last Thursday morning.

The victim, Larry Richard Hargis, 27, of 470 20th st., San Diego, had been released from the Navy just eight months ago.

Deputy Coroner William Souza said that the victim had been shot once through the right chest with a small caliber bullet, and that the victim's watch had stopped at 3:27 a.m., and that residents had told of hearing voices in the area at about that time.

A spokesman for the cab company said that Hargis had radioed that he was headed for Spring Valley from 11th st. in San Diego at 3:05 a.m.

Tax Hike Cut Seems Likely

SAN DIEGO (CNA) — Assessed valuation in the County rose 13.6 per cent, it was revealed today.

That means a tax hike of 10c or so is more likely than one of 17c or 18c.

In many cases it is a meaningless exercise in figures since most property owners were reassessed at higher figures. Offsetting somewhat are such developments as Fashion Valley and the Scripps Ranch. Valuation, excluding utilities, was 2,557,555 last year. This year it is 2,905,308.

Fireworks Money Still Needed

The Heartland Fireworks Committee reports donations are being received to help defray the cost of the 4th of July Fireworks display, however much more is needed to reach the $2,000 goal which is what a 30 minute aerial display will cost.

The fireworks celebration will begin at approximately 9 p.m.

Spring Valley Route 125 To Get 'Scenic' Designation

SAN DIEGO (CNA) — Scenic corridor planning for the county section of Route 125 between Spring Valley and Interstate 8 has been shifted off "the back burner," Planning Director Dan Cherrier told the Board of Supervisors this week. The route extends from Campo-Palm-Broadway to Grossmont Summit.

If so, the heat on the front burner does not seem to be turned high because Cherrier said this week that it will be September or October before the final steps are completed.

The planning department has only had the project since Jan. 27, 1969, but the first consideration of the cooperative prgram with the City of La Mesa came some months earlier.

The city attempted to move ahead of the county for its half of the freeway, but state authorities turned this down, wanting the whole project for review at one time.

Cherrier said the county "plan and program" should be ready for submission to the state by the end of this month.

The county's approach will probably be an overlay zone that would not allow billboards or other forbidden scenic corridor land uses without a change to the underlying zone.

While this might not be entirely necessary in the Mt. Helix section, the county considers Route 125 as a pilot program to develop a workable plan that can be used on the many miles of county roads that are possible scenic highways.

Dixon Reports On School Unification

M. Ted Dixon last week spoke before 50 representatives of 10 school districts, giving a prgress report on the school unification study for the Grossmont area.

Dixon said that it would be possible to do so by averaging daily attendance figures for the districts involved and balancing them with assessed valuations to meet state requirements, but added that the only problem would be that community identity was a main factor to be considered in the operation.

The county board of education was asked to also consider grouping all the school districts into one unified district, but Ruth Burkhardt, president of the Lakeside School District, cite studies that showed that larger districts have not been as successful as smaller one.

A unification election could be called for next year, and one is mandated by 1972, and another would be required in 1976 if the question is not decided until then.

Camera Swap Scheduled

A Camera Swap is being held Friday and Saturday, July 11 and 12 at the Veterans of Foreign Wars Hall, 2885 Imperial ave., Lemon Grove.

It is scheduled to begin at 9 o'clock each of the two mornings and ending at 4 o'clock in the afternoon.

The Camera Swap is sponsored by The Silent Ones, an association of deaf young people.

The Swap is for all who are interested in disposing of or acquiring photographic equipment of all kinds.

Sound equipment will be among the items for swap.

LG Fire Report

It was a "quiet" week for the Lemon Grove Fire Department for June 22-29, with just two fire calls and no rescue runs.

The only "active" fire was on June 26 at about 8:45 a.m., when firemen were called to the Broadway Auto Shop at 8303 Broadway. Workers were refueling an old car and gasoline ignited. Damage was estimated at $25.

On June 24 at 3:40 p.m. firemen responded to a grass fire at 69th and Mt. Vernon. There was no damage and the cause was children playing with matches.

Community Plan Meet Draws 575 Executive Meet Set For July 16

Approximately 575 persons participated in a 3-way marriage by which community planning most likely will come to Lemon Grove.

The meeting, at Mt. Miguel gymnasium Tuesday night, was under the careful guidance of Robert Kelsay, chief, Community Planning Division of the County.

The triangle by which the planning concept will be brought to life is through an executive committee of 145 persons who volunteered from the 575 in audience. All county departments will form one leg of the triangle and all special districts will form the other. The Community Planning-Division will be the base.

The group had responded to 10,000 letters, one of which went to each property owner in the Lemon Grove vicinity. Spring Valley will be given a similar opportunity soon, Kelsay said. Six unincorporated communities are also in the program.

There was adequate evidence that a community plan was desired by the 30 or more questions fielded by Kelsay. As a result, an executive committee meeting has been called for Thursday, July 16 at 3 p.m. at a place to be designated later this week. Letters will be sent to all members.

ed by letter but were not at the meeting may make the re-meeting may make the request through the County Planning Department.

The community planning concept stemmed from vocative citizens appearing at planning and supervisors' meetings claiming that their needs "are what the people want." Now planning and supervisors will know what the people want," Kelsay said.

Planning committees permit residents to meet and communicate and "look at what we have in common" rather than meet to argue.

The planning committee and its executive committee will have officers as it adopts by-laws at a future meeting. The committee will not have the power to zone. "That belongs to the Planning Commission under the Board of Supervisors," Kelsay said.

Anyone with interests in the community may become a member of the Community Planning Committee by attending a meeting, Kelsay explained.

Overall plan is to tie together guidelines for utilities of all communities so that "we don't have an eight inch sewer line from one community trying to empty into a six inch line of another," Kelsay said.

Two Arrested In Our Town For Marijuana

Sheriff's deputies arrested two people in Lemon Grove last week on charges of possession of marijuana, which was revealed in a search of the suspect's vehicle.

Denise Coleman was hitchhiking on Broadway, when deputies were about to interview her. However, a car driven by Rodney Hoover stopped for the girl.

The deputies stopped the car, and asked the girl to empty her purse on the top of their car. The search revealed several unidentified pills. The deputies then searched the car and found a "joint" hidden in the glove box.

Picnic Set Saturday

The Annual Old Fashioned Fourth of July Picnic will take place in Lemon Grove Park, Washington and Alton, Saturday from 10 a.m. until 6 p.m.

Sponsored by the Lemon Grove Oldtime Days Association, the picnic is a community-wide affair to wrap up the Oldtime Days Celebration.

Participants bring their own picnic lunches. Refreshments are sold at the park and the Association furnishes door prizes, entertainment, music and games.

This year there will be a live band, recorded music, races and the magic act of Lemon Grove's Muddled Mystic, Harold The Terrible.

The picnic climaxes the most successful Oldtime Days Celebration Lemon Grove has ever had.

July 25 Is Deadline For Vets Loans

July 25, 1970 is the cut-off date set by law for World War II veterans to get a home-loan guaranteed by the Veterans Administration, proclaimed Gordon R. Elliott, Manager of the Veterans Administration for Northern California, and those World War II veterans who have plans to avail themselves of this benefit had better get at it now, or forget it.

Eligibility has already lapsed for many of them, Elliott advised, explaining that the termination date for each veteran varies according to his date of discharge, term of service etc., but regardless of length of service or date of discharge, July 25 terminates all loan benefits earned by service during World War II.

Food Giant Fined $8000

Food Giant Markets, which has stores in Spring Valley (Builder's Emporium and DeFalco's in the Spring Valley Shopping Center), has been fined $8,000 for false advertising in one of it's divisions.

District Attorney Don Keller said that the fine had been paid, and that the firm had agreed to stop the advertising frauds last week.

According to Keller, the Builder's Emporium division advertised a 50% reduction on all games and dolls in the store, but a sign in the store said the price reductions were "up to 50%." Price stickers on the items were marked at less than 50% reduction.

Defalco's was charged with false advertising and misslabeling a chopped meat product as veal cutlet. Defalco's has agreed to properly label the product.

District Needs $32 Million For Next Ten Years

The Grossmont Union High School District Board of Trustees met Tuesday night and listened to reports from James Trasher, which concluded a 14-month study of district planning for the next ten years.

To support the construction suggested, the district would need $32 million, which would cover the cost of two more high schools, additions at all the schools, another continuation school and an adult school, according to Thrasher's report.

Projections for the 1980 enrollment are in the neighborhood of 25,000 students, compared to nearly 18,000 expected in 1970.

Thrasher pointed out that bonding capacity in the district may not be sufficient to cover the costs, and that trustees may have to decide to defer construction or apply for state aid.

In the meeting, trustees voted to accept a supreme court ruling in an expulsion case, and also heard reports from a unification meeting held earlier in the week.

Learn Spanish the Easy Way

Hardison's Telespanish

By JAMES HARDISON

How is the letter "h" used in Spanish? This letter has always left some question in my mind as to the correct way to use it.

The letter "h" in Spanish is not sounded. It appears in the written form but it does not change or modify the sounds of the vowels appearing next to it.

A good example of how "h" is used may be seen in the verb "hablar" (to speak). Correct pronunciation for this is "ahb-LAHR." As you can see the "h" is included in the spelling but does not modify the sound (vowel) that follows it.

Many Spanish words begin with the letter "h." In each case one must begin pronunciation of these words as if the "h" were not there. Two examples that demonstrate this may be seen in "hacer" (to do, or to make), pronounced "ah-SEHR," and "hallar" (to find), pronounced "ah-YAHR." In each case the letter "h" begins the word but does not modify the sound of the adjoining vowel.

When "h" appears within a word it also does not modify the adjoining vowels. This may be seen in "alhajar" (to adorne) which is ronounced "ahl-lah-HAHR," leaving the "h" silent.

Practice phrases listed below reflect some words that either begin with "h" or have it appearing within the word. You may wish to say the phrases with the record that guides you after dialing 276-2762.

IMPORTANT PHRASES:

Say "Habla el bien?" (AHB-lah ehl bee-EHN) for "Does he speak well?"

Say "El habla bien." (EHL ahb-lah bee-ehn) for "He speaks well."

USEFUL PHRASES:

Say "Hallo usted el dinero?" (ah-YOH oo-STEHD ehl dee-NEH-roh) for "Did you find the money?"

Say "El lo hallo." (ehl loh ah-YOH) for "He found it."

OTHER PHRASES:

Say "Que alharaca." (keh ahl-ah-RAH-kah) for "What a clamour."

Say "Pero que alhaja." (PEH-roh keh ah-LAH-hah) for "But what a jewel."

'Thanksgiving in July'

Sunday marks the completion of the first year of worship in the Lemon Grove Christian church's new building at 6970 San Miguel ave.

The anniversary is being marked with a "Thanksgiving in July" celebration.

When the church moved into its new facilities last July, Dr. John T. Chase, the minister, represented some goals. One of these was the promise of a second morning worship service within 12 months. This service starts Sunday and will be at 8:15 with informal singing of familiar hymns, a Gospel sermon and a Communion. The regular service will be at 10:45 as usual, with Sunday school at 9:30.

The 8:15 service will conclude by 9:15 so that those who want to go on a summer outing may get an early start.

The Chancel Choir will sing each Sunday during the summer and the 7 p.m. Vesper hour will be continued in its present form.

LETTERS

Dear Editor:

Our government should stop borrowing money to give to foreigners. Overspending (deficit spending) is a major cause of inflation.

Foreign Aid not only makes inflation worse, but it creates corruption (see General Accounting Office reports for evidence). Foreign Aid promotes Communism and Socialism.

Congress, while reassuring you, has already borrowed $182 Billion to give to foreigners. If this is continued, it will bankrupt the U.S.A.

Sincerely,
C. C. Moseley,
President
Grand Central Industrial Centre
Glendale, CA

This letter was also sent to your Congressman.

Both state and federal governments allow the deduction of debts, funeral and administration costs and certain other items from the value of your estate.

Let no one imagine that it is a strained and unnatural thing for one to pray. The contrary is much closer to the fact. It is for more unnatural for one not to pray. Prayer is one of the most natural of human instincts. Prayer is man's response to the divine will.

Grove Veteran Wins California VFW Office

A Lemon Grove letter carrier, Dale Willey, of 7146-A London lane, has been elected junior vice commander of the state-wide California Veterans of Foreign Wars.

By natural procession, Willey will be commander of the California Department of the 70,000-member organization in July, 1972. The top post is now held by Joe Borello, a Los Angeles city employee. The men were elected at the San Diego convention last week. More than 1,700 delegates attended, Willey said.

Willey will face election as senior vice president next year.

Willey who delivers mail in the Monterey Heights area of Lemon Grove, is the first state candidate since 1958 when Ray Rainwater was elected to the post now held by Willey. Rainwater was state commander in 1961 and is top candidate for the post of national commander when the convention is held in Miami in August.

Another Lemon Grove man, B. Charles Hesser, deceased, was state commander in 1958-59.

Willey has served the postal service for 18 years and is a member of Encanto VFW Post 6874.

Willey was born in Sioux Falls, South Dakota in 1924. He joined the U. S. Air Force in November 1942 and completed 30 missions in the ETO. He was discharged in 1945.

Mr. and Mrs. Willey have four children. Two boys are in the service. One is at Hamilton Air Force Base and the other is at Fort Lee. Another was recently discharged after having been wounded in Vietnam. His daughter is a nurses aide.

Willey has been a member of VFW since 1943 at Lowry Air Force Base and became commander of the Sioux Falls Post in 1953 and became district commander and assistant adjutant of the Department of S. Dakota.

He moved to California in 1957 and in 1966 was elected junior vice commander of the First District and started through the chairs which brought him to his present post.

ELECTED TO NATIONAL OFFICE — Dale Willey, of 7146-A London lane, Lemon Grove, was elected last week as junior vice commander of Veterans of Foreign Wars of California.

Slot Machine Expert Wins Tax Question

An American claimed six year's winnings from slot machines located in European military clubs as tax exempt. He credited his success with the machines as a skill acquired while working for a slot machine company. The Internal Revenue Service said that while the money was from sources outside the United States, the man had not rendered a service and therefore owed $46,600 in back taxes.

The Tax Court heard the case and held that while gambling income isn't "earned," the taxpayer wasn't gambling. He made his money through "diligent applications of an unusual skill."

Under California law, you can leave one-half of your separate property to your sprouse tax free when you die. The same marital exemption applies to Federal Estate Taxes.

Local Vocalist Ties For Third In Competition

A Lemon Grove girl, Carolyne McDaniel, of 7517 Central ave., tied for third place in the Musical Merit Foundation's scholarship competition held last week at San Diego State College.

Miss McDaniel, who tied for first place last year, was happy that she was able to do as well as she did. Carolyn, who picked up $250 for her efforts, is a freshman at the University of Indiana.

James Zagami, a violinist and concert master at San Diego State, took the top honors this year.

Another Lemon Grove musician, flutist Randall Hester, of 380 Minnesota, picked up a $100 scholarship from the La Jolla Musical Arts Society for his work in the competition.

Hester is a freshman at Eastman School of Music, Rochester, New York.

The scholarships from the competition were officially awarded at the Music Merit Foundation's annual awards banquet, June 28, in Balboa Park's' house of hospitality.

At the banquet, winners in the competition put on a program and were accompanied by Howard Hill and his orchestra.

COMBO Sets Money Split-Up

Directors of COMBO (the Combined Arts and Education Council of San Diego County) last week voted to allocate 30 per cent of the funds raised this year to the San Diego Symphony Orchestra Association making it the largest recipient for 1970.

Other cultural groups will receive the following percentages: San Diego Opera Guild, 20 per cent, Old Globe Theatre, 16 per cent, La Jolla Museum of Art, 11 per cent, San Diego Ballet Association, 5 per cent, San Diego Junior Theatre, 1 per cent, Young Audiences, Inc., 1 per cent, and San Diego Civic Youth Orchestra, 1 per cent.

At a meeting at the San Diego Gas and Electric Co. Auditorium, the board unanimously approved these figures recommended by COMBO's admissions and allocations committee with Morley H. Golden as chairman.

Grossmont Drama Students To Produce 'Brigadoon'

For everal weeks Grossmont College drama students and instructors have bee. working on the hundreds o setting units and properties that will be put together in a large outdoor production of "Brigadoon" scheduled to be presented on August 6, 7, 8, 13, 14 and 15 at 8:30 each evening in Grossmont College's "theatre under the stars."

"Brigadoon" will be staged by the combined music and drama departments of the college with design and direction by James W. Baker, drama instructor and chairman, Communication Arts Department. Costumes will be fashioned and constructed by Clark G. Mires with orchestra conducted by Charles W. MacLeod, Music Department faculty. Choreography will be by Trina Greig.

If you nave ever felt as if you were born 100 years too son, or if the pace of the modern world is getting you down, there is a place you can go. It's called Brigadoon, a tiny village in the Highlands of Scottland.

It is a difficult place to find and your timing has to be precise for Brigadoon only exists one day in every 100 years. Outsiders can only stay there f they love someone deeply nough to leave everything nd everyone they have ever known.

This is the premise on w'.' Allen Jay Lerner and Fre.. .e Loewe created the magical and mystical musical "Brigadoon."

"Undubtedly Brigadoon has been done in outdoor theatres before," Baker said. "But I doubt if anyone has done it quite this way. The set is the theatre and the theatre is the setting with mother nature designing most of it. The musical score is one of the loveliest created by Lerner and Loewe who also collaborated on such great shows as 'Gigi,' 'Paint Your Wagon,' and 'My Fair Lady.'

The memorable numbers from 'Brigadoon' include 'Almost Like Being in Love,' 'The Heather on the Hills,' and 'Come to Me, Bend to Me'."

The public is invited to enjoy a hit musical under the stars. The price of admission is $1.50. Reservations may be obtained by contacting the drama department at Grossmont College.

School Employment Office Looking For Summer Youth Jobs

Do you need a fruit picker or a noodle maker? How about a dog shampooer, ice cream route driver or golf course greenskeeper?

Whatever the job, the Grossmont High School District Youth Employment Office has someone willing and able to do it. "We have many students who want the typical babysitting or yardwork jobs," said Virginia Shade, Youth Employment Director, "but we also have others who are trained and competent in a variety of more specialized work."

During the past 5 months more than 1,200 students have found jobs through the Youth Employment Office. In order to fill these positions, about 27 students were contacted.

"We file the students' application card by type of employment desired and by geographical area," explained Mrs. Shade. As an employer calls our office with a specific job in mind, we give him several names and let him contact the students or send several students for an interview."

Most students prefer commercial jobs, but a lot of money can be made doing yardwork, etc. The minimum wage for students is $1.35 per hour. After tax, the take home pay is approximately 98 cents.

"We try to tell the kids that $1.25 per hour for yardwork is not bad considering it's all their money and we can give them as many jobs as they can handle without it interfering with school," commented Mrs. Shade.

"We have more than 5,000 students on file and jobs are especially difficult to find this summer."

Gulls Open Season in S.D. Against Portland Buckaroos

The San Diego Gulls will open their 1970-71 home schedule on Thursday evening, October 15, facing the Portland Buckaroos, it was announced by Gulls' General Manager-Coach Mav McNab.

The schedule was made by a computer, McNab said, "and I am happy with it."

McNab expressed satisfaction with the first two games being scheduled away from home. "It gives us a chance to settle the team down," he said.

The home opener will be the third game of the season for the Gulls, who will open the Western League season with a pair of games in Denver.

The 1970-71 Sports Arena schedule features 12 Saturday night dates, four of them against Portland. The other Saturday dates will feature Phoenix three times, Salt Lake and Seattle twice each and Denver once.

The schedule, also, features eight Sunday evening games and six Friday dates, making a total of 26 weekend dates.

The remaining 10 dates are equally divided between Wednesday and Thursday evenings, with five games apiece.

The Gulls will play each opponent seven times at home, with the exception of Phoenix. The Gulls and Roadrunners will meet eight times at the Sports Arena.

Special holiday games include a Thanksgiving Eve battle against the Salt Lake Golden Eagles on Wednesday, November 25; and a New Year's Night game against Phoenix, and a Halloween Night game against the Denver Spurs.

July 6 Is Deadline For Season Tickets

The deadline for renewing San Diego State season football tickets is rapidly approaching as the cutoff date of July 6 is this week.

Season ticket sales crept up over the 5,000 mark last week virtually assuring the Aztecs of a new record.

Esau Avoids Mishap To Take Main Event

A pair of Lemon Grove drivers, a Spring Valley pilot, and an El Cajon lead-foot put on the most spectacular show of the season last Saturday night at Cajon Speedway, as the foursome piled up their cars in the north turn with only 3/4 of a lap to go in the main event.

After 29 laps of the thirty-lapper, leader Carl Adams, of Lemon Grove, was nudged into the wall by challenging Ed Hale, also of our town. Bill Butts, of El Cajon tried to charge by the pair, but only managed to get caught in a three-way tie for the lead.

The trio was fighting for the lead as they went into the turn, but Butts swung wide into the turn and forced Hale and Adams into the wall, and managed to get caught in the resulting spin-outs.

Meanwhile, Pat McIntyre, who was runnig fifth at the time of the melee, couldn't avoid the wreckage and joined the three in the sparking, flaming mess.

George Esau, who was running fourth, squeezed by the tangle on the inside and came around the track to take the checkered flag.

None of the drivers were injured in the crack-up, although at least five cars involved will need a bit of work to get them ready for this Saturday night's open competition race.

On Friday, night, Dean Erwin came back to out-dual arch-rival and townsman Hale in the figure eight races, netting his second main event win of the season. Hale has one main to his credit on the year.

The pair will bash fenders again tomorrow night, and will get added competition from the likes of Chuck Neider, of Jamul, and Laura Weisegner, of Boulevard.

On Saturday, it will be Hale, Butts, McIntyre and Esau battling it out in the open competition. In the open races, any cars, except open-wheeled vehicles, are invited to join in two heats, a 25-lap semi-main and a 50-lap main event.

The dollars will be featured in the open comp, as the winner will earn $700, second gets $400 and third nets $250.

Bill Butts, winner of the Memorial Day open comp at the Speedway, will be on hand, but points leader Russ Bullen will be out of town.

Carl Adams has vowed to be on hand, and a wide open race can be expected, with Adams putting plenty of pressure on Hale and Butts.

Qualifying starts at 6:30 for both nights, and first races will be underway at 8 p.m.

Shaieb Still In Race, As Odell Splits Pair

Shaieb Realty, in a desperate, last-minute bid for the pennant, hung on to a thread of hope last week, as league leading Odell Realty split a pair while Shaieb swept two games in Spring Valley Bobby Sox League action.

Shaieb belted third-place Spring Valley Woman's Club, 16-3 in the opener last week, and bounced back to blast S.D. Sandblasting, 39-2 in the second game, showing a mass of batting muscle.

Odell dropped its first encounter, 19-9, as Day Dixon picked up the win for Clean Rite Sewer and Drain, but Mindy McKnight turned in a fine twirling performance to lift Odell to a 19-4 conquest of S.D. Sandblasting.

In the only other game last week, it was Spring Valley Woman's Club edging Clean Rite, 7-4.

The wins for Shaieb put its win-loss mark at 10-4, while Odell has the lead by a game and a half with a 12-3 record. In order for Shaieb to claim a share in the pennant, it must win both of its last two games of the year (one is against Odell).

The game that will probably decide the outcome in the race will be played July 10 at the league field, on the Bancroft Elementary School campus.

In the minor league, Galbreath/Sportland held onto a thin margin in first place with a 9-3 record, a half-game ahead of Delp Plastering.

Delp kept hopes alive by edging S.V. Boosters, 14-13, while Galbreath/Sportland nailed a 17-2 loss on Mac Electric.

In that one, Gay Martinez was credited with a grand slam, and Debbie McGowen belted a circuit blast with nobody on, for the winners.

Odell Realty	12 - 3
Shaieb Realty	10 - 4
S.V. Woman's	9 - 6

S.D. Sandblast	0 - 15

Beavers Net First As Seals Lose To Giants

The Giants, with nowhere to go, have derailed the Murphy Plumbing Seals and given the Beavers the inside track to championship honors with one week remaining in Lemon Grove Little League Intermediate Division play.

Using a four run fourth inning as a springboard, the Giants clipped the Seals, 5-2, in the second game of their series last week to drop the losers to a 6-2 won-lost record.

The Beavers, meanwhile, swept a pair from the Padres and now stand at 7-1 with two games left on their schedule. Behind the Beavers and Seals come the Stars, still in contention at 5-2 and with a two game test against the Beavers this week, the Giants at 3-4 and the Carlton Cabinet Islanders and Padres both at 1-7.

Seal pitcher Joe Mangiapone tossed a four hitter, walked only two and collected two base hits to pace his mates to a 4-1 verdict over the Giants in the opener. Randy Sullivan picked up his fourth home run of the year for the only run off Mangiapone.

The nightcap, however, saw Giant hurler Warren Harris even matters with a six-hit effort to best lefty Mike Gamboa. Dwayne Sayers was three for three and Steve DeNunzio two for three to head Giant hitting while Mangiapone went three for four for the Seals.

Beaver batters took advantage of pitching wildness by the Padres for a 22-15 triumph as John Leamon was a shaky winner despite four hits in as many tries by Ron Laird. Jim Thornton swatted a homer in defeat.

Earlier, the Beavers got a much-needed one-hit performance from moundsman Bill Bryant and scraped through with a 6-3 nod with only two singles and a double. Don Hawn was tagged with the loss.

The Stars, who have shown much improvement and could still sneak off with second half laurels, garnered 20 walks and a homer by Mike Salas to capture a 21-9 tussle over the Islanders.

They completed their sweep via a 20-14 slugfest as Salas cracked another homer and Bob Fortenberry tied for the league lead with his fourth circuit rap of the year.

Standings

Beavers	7 - 1
Seals	6 - 2
Stars	5 - 2
Giants	3 - 4
Islanders	1 - 7
Padres	1 - 7

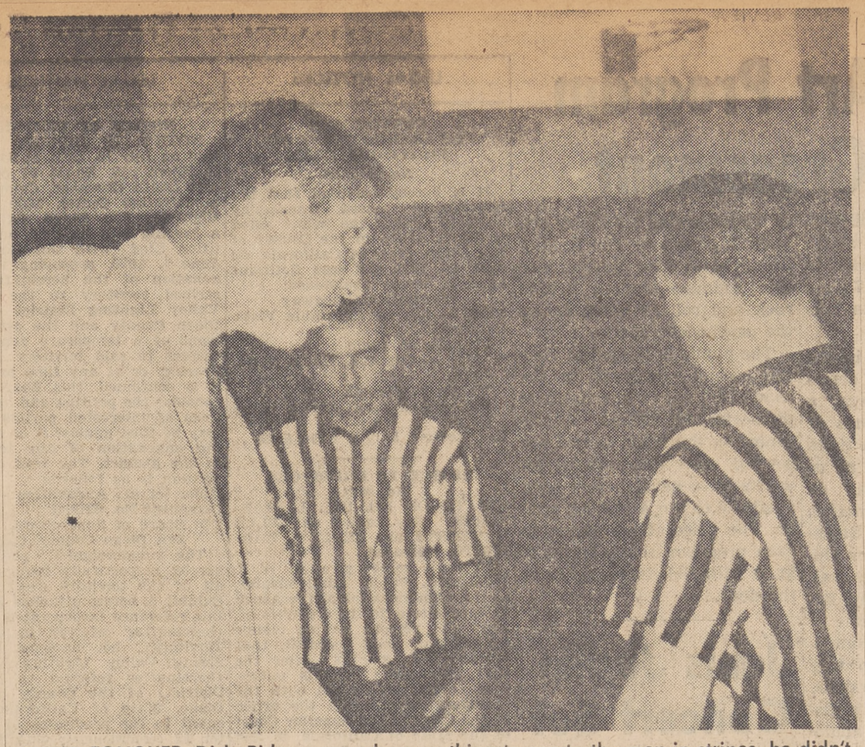
Californian Moves Up

Daily Californian clung to a thread of hope last week by winning a pair of games in the Spring Valley Pony League, giving the team a mathematical chance for a share in the flag.

Californian, three games back with three games to play on the season, pinned a 2-0 loss on Roy's Campers, and knocked off Montgomery Ward's, 5-2 to move into second place in the league standings with an 11-7 mark.

First place Spring Valley won three games last week, 2-1 over San Diego Rock, 5-0 over Farmer's Center, and 10-2 over Roy's Campers, to give the team a 14-4 mark.



TIGHT TONGUED Dick Ridgway rarely argued with referees, but when he had something to say to the men in stripes, he didn't hesitate to tell them what was on his mind.

Ridgway Dead At 39

Mount Miguel Basketball Coach Stricken By Massive Coronary

One of the most prominent sports figures in the Spring Valley-Lemon Grove area, Richard Ridgway, Mount Miguel basketball coach for 13 years, died of a heart attack last Wednesday afternoon.

Ridgway, 39, who had no known heart trouble, collapsed at his home at 4320 Calavo drive after complaining of chest pains. He was rushed to Grossmont Hospital, but was dead on arrival.

Ridgway had a sparkling career at UCLA as a college basketball player, dumping in 470 points in his sophomore year. An automobile accident caused injuries that put him out of commission during his junior year, but he regained his starting status as a senior.

Unable to turn pro after graduation, Ridgway took up coaching at Mount Miguel when the school opened in 1957. Developing a deep devotion to high school basketball players, Ridgway continued to coach the Matadors, piling up 153 victories in his 13 seasons, placing him fourth on the all-time county coaches' victory list.

Although there were some lean years in his coaching career (1-21 and 2-23), no basketball fan will ever forget his 1967-'68 team of Ken Barstow, Mike Ela, Dave Lower, Ken Greenman and Blake Matthews.

A fast-breaking, sharp shooting crew, that edition of the Mount Miguel bucket brigade stampeded through 32 straight wins, including scores of 104-33, 95-37, and the county scoring record of 121-64, as the Matadors entertained Santana one Friday night.

During that year, it was a rare night indeed when fewer than 1000 bodies wormed their way to see Ridway's Raiders put opponents to shame in the Miguel gymnasium.

Ridgway was criticized by the press as well as opposing coaches that year for refusing to use air-conditioning in the Mount Miguel gym. With a thousand bodies crammed into a high school gym, things got a bit stuffy at time, but more heat came from the Matador press than anything else.

Ridgway was known to get into heated discussions with referees on a few occasions, but usually sat on his bench taking things easy, keeping his talented eye on all the action.

His basketball instinct naturally enabled him to pick out weaknesses in the opposition, and his communication with "my boys," as he called his hoopsters, was equalled by few coaches in college, pro, or any other level of basketball.

A big man (6-5, 225), Ridgway was a coach that enjoyed the game whether coaching or playing. He often engaged in playing with his teams on the practice court, playing "one-on-one", or just plain "shooting around", for cokes.

A fund has been started in Ridgway's name for a future basketball tournament. Contributions can be sent to Dick Ridgway Memorial Basketball Tournament Fun, c/o Bookkeeper, Mount Miguel High School, 1800 Sweetwater road, Spring Valley, 92077.

Ridgway is survived by his widow, Diane, and two sons. Services were Saturday at El Cajon Mortuary.

MEMORIAL — A Fund has been set up for a memorial basketball tournament in Dick Ridgway's honor. Ridgway died June 19, of what was apparently a heart attack. (photos courtesy of Mount Miguel High School)

Boosters Net Second Spot In L.G. Sox

Lemon Grove Boosters moved into second place all alone last week, and Skyline T.V. remained in first place in Lemon Grove Bobby Sox League action.

The Boosters, who were tied for second coming into last week's play, slipped to third place after the opening game of the week, losing to Catholic Daughters, who took over second, 20-16.

The Boosters bounced back, however, winning 16-6 over the Minis, and 15-14 over Lemon Grove Merchants, while Catholic Daughters took it on the chin twice, 13-12 to L.G. Merchants, and 14-12 to league leading Skyline T.V.

Skyline also won over the Minis, 38-10, to strengthen its hold on the top spot with a 5-1 record.

Aztecs To Face New Bucket Brigades In Next Year's Season

New faces will be in abundance for the 1970-71 San Diego State basketball team as the Aztecs will meet no less than 12 teams which weren't on last year's schedule.

The Aztecs will be renewing series with seven opponents and starting ones with five others. Heading the list of renewals are national powers Seattle University and the University of Pacific. State last met Seattle in 1954-55 and owns a 2-0 edge while the last outing against UOP came in 1948-49 with that series tied at 3-3.

The five newcomers are from virtually every part of the nation as State opens series with Texas Tech, North Dakota State, Colorado, Louisiana Tech and Hawaii.

Apart from this dozen, the Aztecs have 10 Pacific Coast Athletic Association games on tap, meeting Cal States Long Beach and Los Angeles, Fresno State, San Jose State and UC Santa Barbara twice each.

Kinetic Art Program Set For Grossmont

Grossmont College will continue "The Kinetic Art" series when the second program is screened at 11 a.m. and 7 p.m., today in the Fine Arts Lecture Hall.

The second program in the special summer film series will will include "Et Cetera," a variation upon the games of some doomed players in three methods of animation never used before. "Et Cetera," directed by Jan Svankmajer, was awarded the von Sternberg Prize and the Golden Ducat at the Manheim Festival.

"Miracle," directed by Istvan Ventilla, is an exercise of image and music in a composition of film form generating some deeply felt impressions. "Elegia" is a profoundly disquieting, hallucinatory analogy between the fate of horses and men, crushed under the iron heel of history.

"What do you Think?", a Japanese import directed by Uoji Kuri, is a wild mixture of animation and live action. The incessant beat of outrageous gag and unlikely reality joyously heaped on, leaves no doubt that flower power is flourishing in Tokyo.

A Parisian import titled "Paris Mai 1968" is the first film to come from the many hours of footage shot by French directors on the Student Revolution which seized the Sorbonne and rocked the French government. The film emerges as a lyric cry from the streets which says "This is only the beginning—continue the fight!"

Rounding out the program will be "Tonight Let's All Make Love in London." Pleasure is the theme of Peter Whithead's rambles through the night. Moving from the mock-heroic tone of "The Fall of the British Empire" to pop art, Michae Caine discusses his own approach to seduction, Julie Christie talks about film acting, and a body painter demonstrates his kinky art. Mick Jagger and The Rolling Stones with Eric Burdon and The Animals explore British rock and roll as dawn draws the psychedelic curtin.

The public is invited to view the second program in the showcase of international prize-winning films. Represented in the films shown are several new directors whose works have never before been available to the American public. The price of admission to each program in the series is $1.50 with tickets available at the door.

Wrestling Added For Area University In '71

Wrestling has been added to the athletic program at United States International University (USIU) and Buddy Wilkerson, former Lincoln High and San Diego State College athlete, has been named head coach.

In announcing the addition of wrestling to the USIU program, Dr. Norris Patterson, director of athletics, said, "This is another step in broadening our intercollegiate athletic program and we hope to be competitive in our first season."

Janis Joplin Concert Set For July 11

The "most magnificent white blues singer of the decade," as Janis Joplin has been termed, will come to San Diego July 11, in an 8:30 p.m. concert at the Sports Arena.

Joplin, who has added a touch of mellowness since her days of hard-rock with Big Brother and The Holding Company, has joined forces with a new group, and no longer can be described as the "Queen of Rock".

After putting out an album with Big Brother, and singing with the group for two years, Miss Joplin has joined up with a group better suited to her

Janis Joplin

type of sound: Less rock, more down to earth country blues.

With her new band, Janis has been described as a vehicle for emotions.

Much like the Leadbelly sound of yesterday, or a tougher Bessie Smith, Janis puts it all together in the shuddering huskiness of her voice as a perfect outlet for the blues.
